Our STEEL BLACK INK was tested by the Mechanics' Institute in 1836, with two other well-known Inks, to show their comparative qualities for permanence. The result shows

Our Ink to be legible, while the others are much faded.

Dr. Chilson's test, made in 1837, engraved fac-similes of which can be seen at our office, proves conclusively that our Black Ink is better adapted for State and County Records, and for all purposes where it is important that the writing should be LEGIBLE FIFTY YEARS hence, than any other Ink now before the public.

BOSTON DIRECTORY

For the Year ending June 30,

1860,

EMBRACING THE

CITY RECORD,

A GENERAL

Directory of the Citizens,

AND A

BUSINESS DIRECTORY.

BOSTON:

ADAMS, SAMPSON, AND CO.,

No. 91 WASHINGTON STREET.

JULY 1, 1859.

Entered according to Act of Congress, in the year 1859, by ADAMS, SAMPSON, & CO.,
In the Clerk's Office of the District Court of the District of Massachusetts.

W. S. DAMELL & FRANK C. MOORE, Printers, 16 Devonshire Street, Boston.

PREFACE.

As the remark is sometimes made, that, after a Directory has once been printed, its yearly compilation must be a comparatively easy task, and as occasionally an individual whose name has not been reported, and which therefore of course does not appear in the book, expresses great surprise that his name is not printed just as it was the previous year, it seems proper to state that, in preparing the information for the Directory, every house and store in the city is annually visited, and such other means as can be relied on are taken advantage of to collect as full and accurate a list as possible; and the names so obtained, together with such others as are brought in to the office, are printed, but no others.

This is believed to be the only correct course to pursue, for, although the permanence and stability of the population of Boston, when taken as a whole, and compared with most other cities, cannot be doubted, yet there is of course no surety that any one individual remains in the same position to-day, that he did even yesterday.

The chances of giving reliable information if any thing were printed the same as last year, simply because no change had been reported, may be judged of to some extent from the changes which are annually enumerated: thus, of 30,000 names in the Directory of 1858, only about 33,000 were found in the canvass for the present one; while, on the other hand, about 16,000 are printed this year that were not in the last year's book. Again, of the 38,000 in the Directory of 1858, who also appear in this Directory of 1859, probably not less than 14,000 have changed their business, place of business, or residence; so that finally less than one-half of the names in the last year's would stand correct in this.

The yearly increase of names in the Directory gives gratifying proof of the growth of Boston in population and in business. But it must not be inferred that the resident population has increased in the same ratio that the names in the Directory have, for two reasons: first, because within a few years very many names have been inserted which previously it was not deemed necessary to give; second, because that the increase in the number of business people is made up, to a considerable extent, of persons who reside in neighboring cities and towns, and who therefore would not be counted in a census of the city, though their names of course appear in the Directory.

The publishers renew their thanks for the readiness with which the necessary information has been furnished by those who have been called upon for it, and especially to those who, as advertisers or otherwise, have encouraged the work by substantial aid.

Of New York.

OFFICE, No. 54 BROADWAY.

The business of this Company is conducted on the Mutual principle, in the strictest sense of the term; the entire surplus, deducting necessary expenses alone, being equitably divided among the assured.

A Dividend of 40 per cent on all participating premiums received since the 1st of February, 1853, was declared on the 1st of February, 1858. This Dividend of 40 per cent. was applied in each individual case to the purchase of an additional amount of insurance, payable in all instances at death, or with the policy itself, provided the same be kept in force. This additional insurance, or reversionary dividend, varied, according to the age of the party assured, from 120 to 47 per cent upon the total participating premiums paid since the 1st of February, 1853.

Accumulated cash assets, the property of the Assured \$5,350,000.00.

Policies are issued for life, payable at the death of the assured party.

Also, Endowment Assurance Policies payable when the party assured attains a certain age; or at his death, in case that event should occur before the expiration of the term of the policy.

Also, Endowment policies for children, payable when the child attains the age of 18, 21, or 25 years or upwards, either with or without the return of the whole premium paid, in case the party assured does not attain the age specified.

Annuities are granted by the Company on favorable terms.

Parties intending to insure are respectfully requested to obtain this Company's publications, which afford a variety of information beyond the limits of an advertisement. They can be had (*gratis*) at the Branch Office, No. 4 Montgomery Place.

MEDFORD BRANCH RAILROAD.

Trains run to and from MEDFORD, a distance of five miles, eight times a day each way. Fare 12 cents. Time, 15 minutes. Season Tickets, \$44 a year. This is a beautiful village, and a desirable place for summer residence.

ADVANTAGES OF A RESIDENCE ON THIS ROUTE.

Somerville, Medford, Malden, Melrose, South Reading, and Reading, towns within the range of the special, as well as the longer trains, possess many advantages for country residences, either through the warm season or the whole year, not exceeded by those of any other towns in the vicinity of Boston. The cheapness of the fare, the number of trains, both early and late, in connection with the convenient depot at Boston, render this railroad a desirable channel of intercourse between the city and country. That the advantages of these places are appreciated, is evident from the increasing demand for residences on this route, the demand for house lots, and the steady rise in the value of the land.

SCENERY.

It cannot be denied that the scenery on every section of this route is unsurpassed. The surface of the country for the first ten miles is beautifully variegated, presenting a continual succession of picturesque views of the country, the city, and the sea. Its hill-tops and valleys are decked with splendid dwellings and tasteful cottages, and nowhere can be found the union of town and country more complete.

RESIDENCES.

Dorchester, Milton, and Quincy afford locations for some of the most delightful and healthy residences. Savin Hill, Harrison Square, and Neponset, from their proximity to the city, and their attractive scenery, have become favorite places of residence.

PLYMOUTH

Presents great inducements for individuals seeking health or pleasure. The Samoset House furnishes excellent accommodations; then there are Plymouth Rock, Pilgrim Hall, and the graves of the Forefathers, calculated to awaken pleasant recollection. The numerous ponds in the vicinity of the village afford good fishing, and the beach and roads through the woods are delightful places for a drive.

ATTRACTIONS.

An occasional ride in the cars as far as Braintree, will amply repay one for the trifling sum exacted for fare. In passing through the village of Quincy, the venerated mansion of the "Elder Adams," and afterwards the residence of the "Old Man Eloquent," can be seen.

THE BOSTON POST,

(THE LARGEST DAILY PAPER PRINTED IN NEW ENGLAND,)

THE PRESS AND POST,

AND

THE BOSTON STATESMAN & WEEKLY POST.

DAILY POST,\$8.
 PRESS AND POST, semi-weekly (Monday & Thursday), 4.
 STATESMAN AND WEEKLY POST (Friday), 2.

These journals are edited by CHARLES G. GREENE and RICHARD FROTHINGHAM, Jr.; employ a large corps of Assistant Editors, Reporters, and Correspondents; and neither labor nor expense is spared to make their columns valuable. They have been published nearly thirty years; have a range of subscription exceeded in extent and aggregate by no paper in New England.

The columns of these papers are filled with a great VARIETY of useful and entertaining matter. Their editorials, domestic and foreign correspondence, reports of lectures, marine department, daily monetary article and weekly financial review, literary notices, poetic contributions, and humorous matter, form a VARIETY designed to meet every taste.

The ADVERTISING COLUMNS embrace an almost entire synopsis of the business of New England; and from that department of the paper alone can be obtained a correct impression of the character of trade, its facilities and its operations; while the financial editorials give an accurate view of passing events in the commercial world.

THE PRESS AND POST

Is made from the DAILY's contents, and published every Monday and Thursday morning. It is clearly and handsomely printed on fine paper, in clear type, and the subscription is four dollars a year. This journal, with its ample prices current and general view of the markets, together with a careful synopsis of news, miscellaneous intelligence, &c., is admirably adapted to answer the wants of country merchants, or readers out of Boston. To Clubs of ten or more, paid in advance, a reduction of twenty-five per cent will be made.

THE BOSTON STATESMAN AND WEEKLY POST

Forms a racy and complete record of the times, and contains the news of every description; in fact, a brief and comprehensive history of passing events; foreign news in detail, domestic information, agricultural items, commercial and monetary articles, statements of trade, of the weather, of crops, &c., accounts of meetings, political records, news of every description, poetry, pleasant reading matter, humorous items, epigrams; in fact, a COMPLETE FAMILY NEWSPAPER,—a vehicle for every species of useful and entertaining information, among which will be found, in each issue, A PLEASING STORY. The STATESMAN is printed on the LARGEST-SIZED paper, and on new and beautiful type. It has a very large circulation, and its rapidly increasing list is the best evidence of its popularity. It is supplied at the rate of TWO DOLLARS a year for single subscriptions. CLUBS, taking ten or more copies in one package, will be supplied at ONE DOLLAR AND A HALF A YEAR.

THE COMMERCIAL DEPARTMENT

Involves a large expenditure; contains varied and accurate reports as to all branches of trade, and is second to that of no paper published in New England.

These journals are carefully conducted, and edited in a faith in democratic principles, but in a spirit of conciliation to all parties. As advertising mediums they are unsurpassed; penetrating as they do into such a variety of households scattered over the whole Union, and read as they are by all classes of the community, they furnish an opportunity for the diffusion of information which can scarcely be obtained elsewhere.

As the above Papers are printed on one of Hoe & Co.'s Fast Presses, we are enabled to delay their publication until the latest moment.

THE BOSTON STATESMAN AND WEEKLY POST HAS A LARGE CIRCULATION THROUGHOUT THE COUNTRY—PARTICULARLY AT THE WEST AND SOUTH—AND IS AN EXCELLENT MEDIUM FOR ADVERTISING. A LIMITED NUMBER OF ADVERTISEMENTS WILL BE RECEIVED AT THE RATE OF TEN CENTS A LINE.

None but the most skilful Cutters and thorough workmen employed, and all under the personal superintendence of the undersigned.

PARTICULAR NOTICE.

An experience of 18 years, confined exclusively to the best class of trade, has convinced me of the fact, that a large class in the community prefer to pay a moderate price for a first-rate garment, in point of material, style, and finish, rather than disguise a manly figure in clothing suited only to the buffoon and clown.

In order that I may be able to furnish

GARMENTS AT THE LOWEST PRICE

possible with the perfection of the garment, I shall sell for cash, and at a price which will make it an object for the buyer to pay cash. Gentlemen are respectfully invited to call and examine Spring Styles and new importations just received.

U. S. AND FOREIGN PATENT AGENCY

Room No. 11 Webster Bank Building,

13 Exchange Street, Boston.

SAMUEL COOPER,

Late Chief Examiner in the U. S. Patent Office,

PROCURES PATENTS IN THIS AND FOREIGN COUNTRIES.

His long official connection with the Patent Office has rendered him familiar with its rules and practice, and with the history of invention in this and other countries; and this experience, with the frequent visits which he proposes making to the Patent Office, justifies him in saying that his Agency will offer to inventors all the advantages of one located in Washington, and, in addition, those which result from a residence in the midst of mechanical and manufacturing industry.

Advice given upon all matters relating to the validity, &c., of patents, the novelty and patentability of inventions. Specifications and Drawings prepared; Caveats filed; Reconsiderations procured of applications that have been rejected upon imperfectly prepared papers; Cases of interference, and applications for extension and re-issue, prosecuted; and, in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured, through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

FROM THE HON. CHARLES MASON, COMMISSIONER OF PATENTS.

U. S. PATENT OFFICE, FEB. 28, 1855.

I take great pleasure in stating, that, during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been, in that capacity, in constant correspondence and intercourse with the Office. He has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the Office; a close attention to the interests of his clients; and a marked candor and courtesy that have rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this Office with whom I am acquainted.

CHARLES MASON, *Commissioner.*

FROM THE EXAMINERS IN THE PATENT OFFICE.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, lately a Principal Examiner in this Office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the Office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

BOSTON.

Steam Engines, Shafting, Pulleys, and Hangers, Hand Lathes, Chucks, Slide Rests, Ball-turning Machines, Hoisting Machines with Safety Apparatus attached, and Belting, on hand and manufactured to order.

The above cut represents a first-class Lathe, with Nason's Patent Screw Chasing Apparatus attached.

N. B. Geo. H. Fox & Co. are the *only* authorized manufacturers and venders in the United States of the above patented apparatus.

The Lathe is particularly calculated for the manufacture of steam and Gas Fittings. It is arranged to be used for turning, boring straight or taper holes, boring cocks, facing plain surfaces, and screw chasing.

The section of Shafting with Coupling here represented needs no explanation; its advantages will be seen by every mechanic and manufacturer. This plan of Hangers and Coupling has been in use some eight years, and has given universal satisfaction; it is fitted with patent boxes which *adjust themselves to the shaft*, and in every way calculated for economy in oil, to prevent friction, and for durability it is unequalled.

MASON'S CHALLENGE BLACKING.

The subscriber, agent for the manufacturers of this CELEBRATED BLACKING, keeps on hand a supply of all the sizes, and offers it for sale, by wholesale only, at the manufacturers' lowest prices. The attention of exporters is invited to this superior article. In many foreign markets it is well known and approved of, and is now offered at very low prices. DAWSON, Member of the New York Historical Society, Corresponding Member of the Historical Societies of Pennsylvania and Wisconsin, etc. Illustrated with numerous highly-finished Steel Engravings from Original Paintings, by ALONZO CHAPPEL.

In the preparation of this work, the Author has called into requisition the most reliable authorities, to which ample reference has been made, for the information of those students of our country's history who would learn that history from the original authorities; while to the history of each Battle will be appended, at length, all the most important documents relating thereto, with Biographical Sketches of the most prominent men who were engaged; thus securing to the student and general reader alike, not only the author's version, but the evidence by which the truth of his statements are established.

The Illustrations and Embellishments will be of the highest order, designed by ALONZO CHAPPEL, whose services have been exclusively engaged for this work, and will consist of BATTLE SCENES BY SEA AND LAND, with FULL-LENGTH PORTRAITS of Illustrious Military and Naval Heroes.

This work is guaranteed to be complete in not exceeding 40 parts at 25 cents each, forming two elegant volumes.

THE BOUDOIR SEWING MACHINE, "HARRIS PATENT,"

Is now offered to the public, improved as a

DOUBLE THREAD MACHINE,

Making the justly celebrated GROVER & BAKER stitch, that will not slip through if every fourth stitch be cut. It is the BEST and ONLY Machine making the above stitch, by authority of the Grover & Baker Sewing Machine Company, at the low price of

FORTY DOLLARS.

The above Machine is, with this improvement, the best low priced one now before the public; and all persons desirous of purchasing are requested to give it a careful examination before purchasing elsewhere. It is truly a Family Machine, and will perform more work in one hour than the best seamstress in one day, and do it better.

A new HEMMER, which stitches the hems upon the RIGHT SIDE of any width, and a new gauge for straight sewing, with which you cannot fail to sew a straight seam, adapted to any Sewing Machine, is also offered.

Ladies and Gentlemen are respectfully requested to examine our new improvements at

CHARLES SPRING.

Boston Daily Advertiser.

ESTABLISHED MARCH 1, 1814.

Published every Morning, except Sundays. Terms, Eight Dollars per annum, in advance.

Containing THE LATEST NEWS, FOREIGN and DOMESTIC; TELEGRAPHIC DESPATCHES; PUBLIC DOCUMENTS OF INTEREST, IN FULL; LEGISLATIVE, LEGAL, and LOCAL REPORTS; LITERARY, DRAMATIC, and MUSICAL REVIEWS; CRITIQUES on the FINE ARTS; MISCELLANEOUS READING; and especially MARINE, COMMERCIAL, and FINANCIAL INTELLIGENCE,—prepared by skilful and experienced hands in every department.

NATHAN HALE AND CHARLES HALE, EDITORS.

CHARLES HALE, PUBLISHER.

The matter in this paper is so arranged that the *latest news* can always be presented in full, without curtailing the space devoted to other departments.

THE FOREIGN NEWS IS CAREFULLY PREPARED FROM FULL FILES OF ORIGINAL PAPERS RECEIVED BY EACH STEAMER.

The BOSTON DAILY ADVERTISER is an independent journal, and will continue to be so maintained. It never enjoyed any pecuniary advantages as the organ of any party committee; and the present proprietor is proud to say, that, in gaining an unencumbered title to the whole property, while he has met with kindness more than his due from personal friends, and from the community at large, he has accepted no presents, and is under no obligations for forced subscriptions, or the subsidies of partisan retainers, ready to maintain by extraordinary efforts an organ for the dissemination of opinions which would not receive the spontaneous support of the community at large.

Our advertising friends will be pleased to learn that our circulation constantly and steadily increases, notwithstanding the financial revulsion which has injuriously affected business generally; and this is the case although we have been taking great care to rid our books of all unprofitable subscriptions, which are as worthless to advertisers as to ourselves. We know very well, that, in point of mere numbers, our circulation is exceeded by that of some other journals which are published for a less price; but, in the character and substantial worth of the CIRCULATION for advertising purposes, we believe ours to be UNSURPASSED; and this we know to be a fact, ascertained from actual experience.

The SEMI-WEEKLY ADVERTISER and WEEKLY MESSENGER contain substantially the same reading-matter as the DAILY ADVERTISER; but less space is occupied with advertisements, of which very few appear in the WEEKLY MESSENGER. Terms of the Semi-Weekly, four dollars per annum; of the Weekly, two dollars.

All of these papers are printed for mailing on a sheet weighing "not over 1½ ounces," and are accordingly chargeable for postage at the lowest rate; viz., a quarter of a cent for each paper within the State, when paid quarterly, in advance.

A quarter's subscription to the Daily, postage included, thus costs but \$2.20; to the Semi-Weekly, but \$1.07; and the Weekly, but 54 cents.

From the Providence Journal, Dec. 6, 1858.

THE BOSTON DAILY ADVERTISER.—This standard paper, that is so thoroughly identified with the business, the prosperity, and the character of Boston, has passed entirely into the hands of Charles Hale, son of Nathan Hale, who founded it forty-four years ago, and who still gives to its columns the benefit of his ripe experience and large ability. For the dignity and fairness and independence of its conduct, for the fullness and reliability of its news, and for its value to readers and advertisers, the Boston Daily Advertiser stands in the front rank of journalism.

[This notice was copied, with editorial sanction, by the National Intelligencer, Dec. 21, 1858.]

From the Newark Daily Advertiser, Dec. 9, 1858.

THE BOSTON DAILY ADVERTISER, which has been an ever-welcome visitor, will doubtless continue to be managed with the same dignity, energy, and intelligent appreciation of right principles which has hitherto rendered it foremost in the history of New-England journalism.

From the Concord, N.H., Statesman, Dec. 6, 1858.

In no newspaper, of which we have knowledge, are political and other editorial articles to be found better calculated to make intelligent politicians and well-informed citizens, than the Boston Daily Advertiser.

From the Old-Colony Memorial, Dec. 18, 1858.

BOSTON DAILY ADVERTISER.—We intended ere this to have said a few words about this sterling journal, in connection with

by several of the leading houses in the principal branches of business of all kinds, both wholesale and retail. The fact is no doubt partly due to the circumstance that we take no pay for any thing appearing as editorial, which gives all advertisers a fair and equal chance, and compels the attention of readers to the advertising columns; and also to the fact, that the paper is generally read at their dwelling-houses and places of business, and often preserved on file, by subscribers who take it because they want it, and value it for its own sake, and not because they have been solicited to give it their patronage.

Other features, to which we invite the attention of the public, are our weekly statement of the value and amount of imports of foreign goods at the port of Boston, prepared exclusively for this paper (additional to the daily reports of the names of importers); weekly statement of the condition of the banks in Boston, and monthly statement of the other banks in Massachusetts, published by authority. These statements are published also in the Semi-Weekly Advertiser, and Weekly Messenger. The laws of the Commonwealth of Massachusetts, and the Pilotage Regulations, are published in this paper by authority, as well as all other official information designed for the public.

a recent announcement in its columns. Charles Hale, Esq., has purchased back that half of the Daily Advertiser which had passed from his father's possession; and the Hale family are now sole proprietors of the paper. Over \$40,000 was expended in the purchase; and, what is more, Mr. Hale accomplished it without presents, contributions, or outside aid,—the result of tact, talent, and industry, in publishing the best commercial newspaper in the country, whose statements in every respect are always reliable. Mr. Hale will continue to be the principal editor, and will be aided by his father, besides other valuable assistance.

From the Salem Register, Dec. 13, 1858.

The substantial and reliable character of the Boston Daily Advertiser has been a "fixed fact" for many years; and the fulness and accuracy of its shipping list and commercial department long ago became a proverb. Its literary reputation, too, is up to the highest standard of daily journalism; and in politics, it is a strong and able advocate of the interests of the people. In all points it is a sterling, first-class paper.

From the Dedham Gazette, Dec. 11, 1858.

Honest and decided in the expression of its own views, it is always manly, dignified, and courteous towards those who may differ with it in opinion; and we know of no journal in the State that exercises a wider or more wholesome influence than the Boston Daily Advertiser. It gives us great pleasure thus to be able to chronicle the evidence of the success and prosperity of a paper which has acquired reputation and influence by the force of its inherent truthfulness and merit.

TO CLUBS.—We will send four copies of the Daily Advertiser, one year, by mail, for twenty-five dollars; five copies for thirty dollars; or ten copies for fifty dollars,—payable invariably semi-annually, in advance. We will send the same number of copies of the Semi-Weekly Advertiser for half these rates.

ADVERTISEMENTS ARE INSERTED AT THE FOLLOWING RATES:—For one square, or twelve lines of agate or nonpareil matter, one insertion, one dollar; each repetition inside, 50 cents; outside, 25 cents.

Six lines or less are counted half a square; and seven, eight, or nine lines, three-fourths of a square.

Advertisers who prefer a fixed annual charge, by the payment of forty dollars become entitled to the daily paper for one year, and to advertise their own regular business exclusively, to an average extent of one square on the outside, or half a square on the inside. Copartnership notices, wants, removals, stores to be let, &c., are not included in the yearly privilege, and are charged extra at the regular rates. The same arrangement may be made for six months, for twenty dollars; or for three months, for fifteen dollars; and for a larger space, on the same basis.

BEE PRINTING COMPANY, Nos. 7 & 9 STATE ST.

Z. K. PANGBORN, WM. SCHOULER, J. F. MARSH,
JOSEPH C. ABBOTT, residence Manchester, N. H.,
EDITORS.

The editors have the satisfaction of knowing, not only that the principles and policy they have sustained are triumphant, but that THE ATLAS AND DAILY BEE is now generally recognized as the consistent, earnest, and reliable advocate of the principles cherished and avowed by the American Republican party of New England. It commences the eighteenth year of its existence with a largely increased subscription list, and an advertising patronage second in character and value to that of none of the daily newspapers of Boston.

It is the purpose of the Editors and Publishers of

THE ATLAS AND DAILY BEE

to make it THE BEST NEWSPAPER IN NEW ENGLAND. As it is our conviction that we shall make it profitable to the publishers in proportion as we make it acceptable to the public, we shall spare neither labor nor money to accomplish this purpose.

ITS CONTENTS.

In the amount and variety of reading matter, THE ATLAS AND DAILY BEE will not be excelled by any journal. It contains THIRTY-TWO COLUMNS of matter, and the greatest care is exercised to secure the most FULL, RELIABLE, and *earliest* reports of all interesting public events. A corps of experienced reporters devote their time and energies to the collection and preparation of the news; and, for VERBATIM reports of Conventions, Speeches, Sermons, and Lectures, we have the services of Mr. J. M. W. YERRINTON, the best phonographic reporter in New England.

Regular Correspondents in Washington, New York, Chicago, and other important places in this country, and in Europe, contribute to the paper.

Especial attention is given to the *literary, musical, and dramatic* departments; and original and selected matter, under these heads, will always be found among the most attractive features of THE ATLAS AND DAILY BEE.

TO BUSINESS MEN AND ADVERTISERS,

The paper is confidently commended as eminently worthy their patronage. Reports of the Markets, Prices Current, the Shipping News, and whatever is of peculiar interest to the commercial, manufacturing, and mercantile interests, will be found *full, seasonable, and reliable*.

The paper is printed on an elegant suit of copper-faced type, and affords especial facilities for the publication of advertisements, in the most attractive style.

PRICE OF THE DAILY. — Single copies, by mail, 1 year, \$6; single copies, by mail, 3 months, \$1.50. To CLUBS. — Ten copies, to one address, at \$5 each, \$50; twenty copies, to one address, at \$4.50 each, \$90, with an additional copy to the person who gets up the Club.

City subscribers served at their residences at 12 cents a week.

TERMS. — Invariably cash in advance.

THE WEEKLY ATLAS AND BEE,

A FIRST CLASS NEWSPAPER FOR ONE DOLLAR A YEAR.

THE WEEKLY ATLAS AND BEE offers peculiar inducements to country subscribers. It is one of the largest and best printed weeklies in the country, and contains only a limited number of advertisements. It is a newspaper that should be in every New England home. To single subscribers the paper will be sent by mail for \$2 a year, or for any portion of a year at the same rate.

GREAT INDUCEMENTS TO CLUBS. — In order to place it within the reach of every family, it is offered at the following unusually low price: — Two copies, one year, to one address, \$3; five copies, one year, to one address, \$6; ten copies, one year, to one address, \$10, and one copy to the person who gets up the club; twenty copies, one year, to one address, \$20, or \$1 a year; and for any larger number to one address at the same rate, with an additional copy to the person who gets up the club. **INvariably CASH IN ADVANCE.**

DR. BROADBENT has treated LUNG DISEASES by INHALATION (very successfully too) for the last 14 years which is twice as long as any other physician now in New England, except himself, has practised this mode of treatment. He is able to refer to a great many very interesting cases of Consumption which he has cured, in and around this city. We therefore advise all persons troubled with weak or diseased lungs, to consult him before going to see any other physician who practises inhalation, &c.

No one suffering from any affection of the Lungs, Heart, Liver, Kidneys, or Digestive Organs, or troubled with Humors of any kind, should fail to consult him.

Dr. B. will describe disease, and will tell the patients the nature of their complaints or illness, without receiving any information from them, as well, if not better, than any clairvoyant in or out of Boston can; after which they can procure treatment of him, if they desire, that will effect a cure, if the case is curable. His medicines are purely vegetable, free from all poison, and pleasant to take.

All examinations at the Institution are made daily from 9 A. M. to 6 P. M. — Sundays from 9 A. M. to 12 M. A thorough examination of the Chest and Lungs will be only one dollar.

N. B. — Accommodations for patients from abroad wishing to remain in the city a short time under treatment.

Persons living at a distance, and unable to visit the city, can be treated by giving a minute statement of their case in writing, and the appropriate remedies, with inhaler and necessary directions for use, can be sent to them by express.

MACHINISTS, AND MANUFACTURERS OF

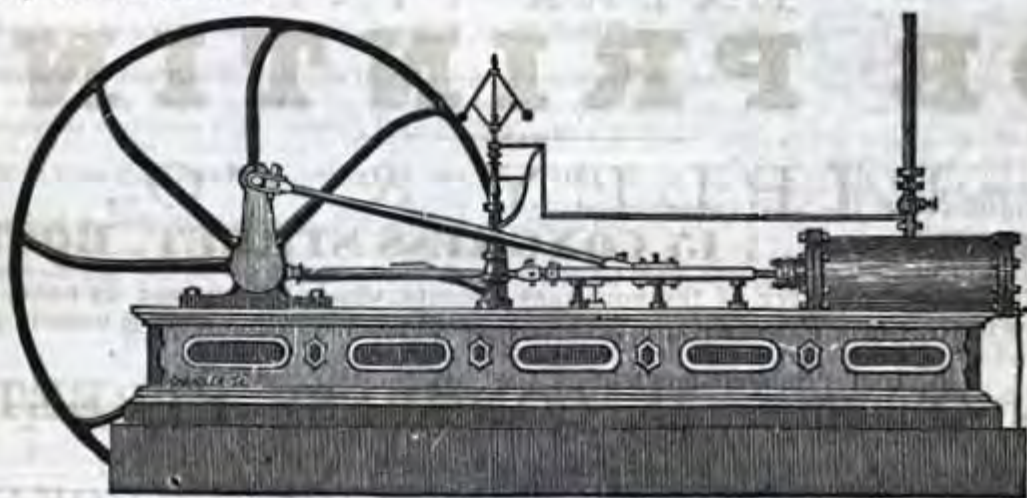

Portable Engine, Locomotive Boiler. From 8 to 40 Horse Power.

## MARINE, STATIONARY, PORTABLE, PILE DRIVING, & HOISTING STEAM ENGINES.

We would call the attention of the public to our IMPROVED PORTABLE STEAM ENGINE, in which all the working parts of the Engine are built on an iron frame (like a common Stationary Engine), thus avoiding the heat from the boiler to the working parts of the Engine, and the strain on the machinery caused by the expansion of the boiler; making both Engine and Boiler more durable than the usual style of Portable Engines.

These Engines are designed for all purposes where Stationary Engines could be used — and for loading and unloading vessels, Pile Driving, small Steamboats, and Mining purposes.

They do not require any brick work, and are ready for operation on delivery. The Boilers are warranted to carry 100 lbs. per inch.

Horizontal Stationary Engine.

We use a Patent Regulator Valve Movement on our Stationary Engines, which, for economy and perfect regulating, is not surpassed.

Having erected a new and commodious Shop, we are prepared to make SHAFTING, PULLEYS, SAW MILL, MINING AND PUMPING MACHINERY, and all kinds of MILL WORK, with dispatch.

PROPRIETORS OF THE ONLY

## ORIGINAL GIFT BOOK STORE

IN NEW ENGLAND,

No. 45 CORNHILL, BOSTON.

## VALUABLE BOOKS, AND ELEGANT GIFTS.

We take pleasure in stating that the very liberal and increasing patronage bestowed upon us by the people of *New England*, enables us to offer still greater inducements to purchasers of books, and individuals, or Associations to form Clubs, than ever before.

The advantages we possess over any other similar establishment in the country, especially for filling *New England* orders, must be evident to those acquainted with our position, and understand our superior and increasing facilities for doing business.

*Our peculiar advantages:* We publish a large list of valuable works; we obtain large quantities of other valuable works in exchange for our own; we buy large editions of other publishers, at very low prices; we put no objectionable books on our catalogue; we offer no inducements which we do not fulfil; we buy our watches in large quantities for cash, and of the best makers. We have our Jewelry made to order in large quantities, by the best manufacturers in this country and Europe. By doing an extensive business, we can give very valuable presents more frequently.

Our present plan of operation is the same as originated five years ago by Mr. G. G. Evans, and is sanctioned, not only by the highest judicial authority in nearly every State of the Union, but by the voice of the people from Maine to California.

# PATENT WAX-THREAD SEWING MACHINES,

*Secured by Patents issued April 19, 1853, July 4, 1854, and August 22 1854*

They are the best ever invented ; — original and novel in their construction ; made in the most perfect manner ; not liable to get out of order ; and, by a new improvement, sew with Shoemakers' Wax, making the work stronger, better, and more durable than hand-sewing, — using an AWL to perforate the leather, before the needle passes through it with the thread, leaving a FAIR STITCH. — thus making them INVALUABLE on all kinds of lapped seams, and for stitching Oxford and Congress Boots. They will sew the thickest kind of every description of heavy work without breaking Needles — and by changing the Awl and Needle for smaller sizes, will make the most elegant fancy work with silk or fine thread, thereby combining in the same Machine all the requisites for every kind of sewing.

## THE NEW CLAMP MACHINES,

For SIDING THE HEAVIEST THICK to the FINEST CALF BOOTS, have been recently perfected, and by using Shoemakers Wax make work superior to hand-sewing. They work with great rapidity ; and any person of either sex, twelve to sixteen years of age, with ordinary skill, after a few days' experience, can side eight to twelve cases of Boots per day, thereby earning eight to twelve dollars daily, depending upon the kind of work. They run very easily ; in fact, all the objections to former Wax-Thread Sewing Machines are obviated ; and to be fully appreciated they must be seen, and also the work.

### EXCLUSIVE RIGHTS TO USE AND SELL SAID MACHINES

Can be secured, if applied for soon, for States, Counties, and Towns, on terms that will afford purchasers great profit.

JAMES EMERY, JR.**WALKER'S PATENT OIL-GAS WORKS.**

The only scientific and practicable arrangement for generating gas from oils and other fatty substances known, — being also the most simple in its construction and operation, and producing the most economical and satisfactory results. The gas is generated from Rosin Oil, at a cost of \$1.25 to \$1.50 per thousand cubic feet, as compared in value with the simple carburetted hydrogen; the Oil Gas being of double the specific gravity and illuminating power of the ordinary Coal Gas, and also entirely free from those injurious gases, — carbonic acid and sulphuretted hydrogen. These works are particularly adapted for Villages, Factories, Hotels, Private Dwellings, &c. They are also designed for Sugar Plantations. For circulars, reference, and further information, apply personally or by letter to the undersigned, from whom all orders and inquiries will receive immediate attention.

**CHILSON'S PATENT  
TRIO STOVE.**  
SIX SIZES.

Any intelligent mind cannot fail to see the wonderful economy in the consumption of fuel by this invention, over the common Portable Furnaces. Immediately after the fire is kindled in the morning, the damper in the smoke pipe is closed for the day; when the only escape for the heated smoke and gases is through the continuous tapering trunk or radiator, terminating in the smoke pipe, which is reduced to a small vent of two inches in diameter.

The heated smoke and gases are thus compressed into the whole circuit of the trunk, and become wholly exhausted by radiation. The consequence is, that the formerly wasted fuel, which was lost by passing off in smoke and gases in a crude or unconsumed state, is here made available for generating heat.

Warranted a saving in fuel of fifty per cent over any other Portable Furnace in the known world.

## THE TRIO STOVE

embodies the same valuable principles combined in the Portable Furnace. We think no prudent person will use stoves, as they have been formerly constructed, after becoming acquainted with this invention. We obligate ourselves to prove, to the satisfaction of all, a saving of fifty per cent in fuel, not only by seeing the stove in operation, but by a large number of the best testimonials that can be written.

# MAYNARD & NOYES' WRITING INK.

THE MANUFACTURE OF THIS INK WAS ESTABLISHED IN 1816,

And the quality has now been tested by the public for more than forty years. During this time it has been constantly increasing in public favor and patronage, and is now the leading article in the country. Those who may be ignorant of its superiority and reputation are invited to read the following testimonials, and to make trial of it themselves. When the best judges, after using it more than twenty-five years, express themselves in one manner concerning its superior excellence, it is quite evident that no one need be troubled with bad ink.

*Bowdoin School, Boston, Jan. 7, 1857.*

Messrs. MAYNARD & NOYES: I have used your Ink in the Writing Department of this School the past thirty years, and take pleasure in renewing my testimonial of its superior quality. It flows freely from the pen, its color is brilliant and permanent, and it combines all the necessary and desirable qualities of good ink.

JAS. ROBINSON, Writing Master.

*Boston, January 10, 1848.*

Messrs. MAYNARD & NOYES: Gentlemen,—It is now, I believe, more than twenty years since the School Committee passed an order for using your Black Writing Ink in the City Schools. I have used it during that period, and deem it a *first-rate article*, and cheerfully recommend it to others. It *flows freely* from the pen, and increases in blackness after being committed to paper, and the color is *durable*. I know of no Ink equal to yours, and I have tried many kinds, both English and American.

P. MACKINTOSH, JR.,  
Principal of Writing Dep. Hancock School.

*Office of Merchants Ins. Co., Boston, Jan. 2, 1856.*

Messrs. MAYNARD & NOYES: Gentlemen,—I have used your Writing Ink generally for the last twenty-five years. In 1847 I renewed my certificate of its excellence, and, having continued its use ever since to my entire satisfaction, my opinion is confirmed in its superiority. *It flows freely from the pen, and is in all respects the best Ink I have ever used.*

GEORGE HOMER, Secretary.

*Registry of Deeds, Boston.*

Messrs. MAYNARD & NOYES: I have made use of your Writing Ink for the Recording of Deeds, &c., the past *twenty-five years*, and take pleasure in renewing my testimonial of its superiority. From the appearance of the records in my office. I consider it particularly adapted for all purposes where *permanency of color is requisite or desirable*, as my oldest records prove its color to be *unalterably black*.

H. ALLINE, Register of Deeds.
